

# SOUTHEAST OHIO WOODLAND INTEREST GROUP

No Cost

Food &  
Fellowship

Join us as we launch a new year and a new look to the Southeast Ohio Woodland Interest Group. If you are interested in woodlands as a landowner or a nature lover, there is something for everyone.

Speaker Laura Hughes presents **“Trail Cameras: Caught on Video”**

We'll talk about what cameras we use, where we put our cameras, and give some tips that we've found to be helpful. We'll also show some of our favorite trail camera videos which include bobcats, river otters, ruffed grouse, beavers, fishers from WV, and many more
