

Looking for an easy way to make a difference?

Here's your chance!

The **Meigs Soil and Water Conservation District** is collecting **EMPTY inkjet cartridges** as part of a fundraiser through **[Empties4Cash](#)**.

The mission of the Meigs SWCD is to provide assistance for the wise use of our natural resources for present and future generations.

WHY should you give your empty cartridge to Meigs SWCD?

Did you know cartridges do not decompose for 1,000 years? By giving your empty cartridge to the Meigs SWCD, it will be **recycled**. Empty cartridges can be **remanufactured** and **reused**. You will be reducing pollution and saving energy by donating your used cartridge.

AND

Meigs SWCD will be paid up to \$4.00 for each cartridge with a print head. How will this money be used?

YOUR empty cartridge will help pay for:

- Materials for Meigs SWCD programs
- Maintenance of the Meigs SWCD Conservation Area
- Leading Creek Watershed Project
- Outreach to build support for protecting our environment

Acceptable Cartridges

- Cartridges with a print head. That includes most of Hewlett Packard, Lexmark, Compaq, Canon, Dell, Brother, and Apple.
- NO TONERS
- If you cannot tell the difference, bring it in anyways.

Please drop off or mail your cartridges:

Meigs SWCD

33101 Hiland Road
Pomeroy, OH 45769

OR CALL, E-MAIL

(740) 992-4282 • sanders.lcwg@yahoo.com

Tell your friends, neighbors and co-workers! It's EASY and you can help!

Thank you for your support!
